This message is for informational purposes only. There have been inquiries and it is always better to have the information before being asked about it.

There is a private program known as "GLOCKS 4 Grads" which offers a unique opportunity to purchase a Glock pistol at about 25% savings. Further, it offers customized engraving that does not void the Glock warranty. The program was conceived for Grads by a '75 USAFA Grad, but has been expanded to benefit not only those who serve but those who support.

The program was only initiated a few months ago and in the interest of keeping the price as low as possible has not been commercially advertised. If you are interested in learning more, the website is www.g4grads.com

The Class of 2010 was the first class to have these one-of-a-kind / customized pistols offered. In the past few months, orders have been received from the Class of 1963 to pre-orders for the Class of 2013! No where else can you get this offer.
